

Erasmus Mundus Master programme EMARO+

The call for applications to the Erasmus Mundus Master programme EMARO+ is now open !

What is EMARO+ ?

This topnotch Master's course has twice been selected under the European Programmes of excellence: in 2013 through the Erasmus Mundus Programme (EMARO) and in 2014 through the Erasmus+ Programme (EMARO+). The aim of the course is to promote the most advanced educational offer in the area of intelligent robotics.

Through lectures by reputed researchers, practical work on latest experimental platforms, sessions with industrial specialists, annual workshops, EMARO+ student gain the most topnotch knowledge that will prepare them for the next challenges in Robotics.

Who are the partners ?

EMARO+ is an integrated Master's course designed and conducted by partner institutions sharing a common vision of Robotics : Centrale Nantes (France) coordinator, Warsaw University of Technology (Poland), University of Genoa (Italy), and Jaume I University (Spain). The Consortium is enriched by associated partners that bring extra European and industrial perspectives: KEIO University (Japan), Shanghai Jiao Tong University (China), IRT Jules Verne (France), Airbus Group Innovations (France), BA Systemes (France), Robotnik (Spain), and SIIT (Italy).

Outcomes

Students will obtain two Master's degrees from the top European institutions where they studied.

250+ alumni are now part of the EMARO+ alumni network and have successful careers all over the world, in academia, innovation or industry. EMARO+ prepares its students to play a major role in tomorrow's high technology society thanks to its practical cases, cutting edge R&D lessons, industrial network and final six-month professional experience included in the curricula

Tuition fees

Non-European Union students : €9,000 per year.

European Union students : €4,500 per year

Scholarships

Consortium scholarships are given under the form of a reduction of tuition fees, for both years:

- 10 000 € for Partner country students (non-European)

- 3 000 € for Programme country students (European).
